

At Ray White Opotiki...

We are constantly thinking about the future. We don't feel restricted by what is. Instead we like to think about the possibilities of what could be.

Our strength lies in our ability to grow and stay at the forefront of innovation in the industry. We're always looking for smarter, more effective ways to deliver exceptional service and results to our clients.

Hence our union with Shona Browne and Amanda Dick. Shona has been in the Real Estate Industry for many years and her knowledge of both Opotiki and the homes in the district will be invaluable to our clients.

Amanda will be joining our company as a Property Manager and her previous position as an administrator and legal clerk will hold her in good stead. Amanda is looking forward to the task ahead and having only started on Monday has been inundated with tenants and property owners.

The single question our team at Ray White Opotiki most frequently asks is "what is best for our clients?" Every recommendation we propose and every decision we make is always focused on the needs of the most important person in any real estate transaction - YOU. We're in the business of building lifelong relationships so you'll never be treated like a number and will always feel like you come first.
