

Rex's real estate career commenced as a PA at the age of 17. After a six month qualifying period his talents were quickly recognised and he was promoted to a salesperson, working alongside his father Geoff in a small real estate office situated at Maraetai Beach in Auckland.

After nearly 13 years consistent real estate service, Rex is pleased to be joining Ray White as a Business Development Executive. Rex said "I feel the time has come to expand my horizons and by joining the team at Ray White Corporate I believe I will be well placed to use my experience to help others, and hopefully provide an unmatched support for our salespeople to ensure their success in this dynamic industry."

Corinna Mansell, NZ Business Performance Manager, said that having Rex on the Ray White New Zealand team will be of great benefit. "His experience within the industry is second to none and he has an understanding of agency from the level of salesperson and also manager having been part of a family business."

Rex's technical expertise is not only limited to client service and care, but extends to an in-depth knowledge of marketing, professional relationship management at a senior level, overseeing business operations and property management experience. He is committed to helping others achieve their goals and is focused on furthering the professional standard as we move forward into a new era of real estate service.

Rex will cover Northland and Auckland together with some areas of the Central North Island.
