The report you are looking at is generated in less than 1 minute and is known as a Market Infographic Update. This report is popular with individual salespeople sending it through to their client base on a monthly basis. Other reports that are available in the system include the full market review, real estate trends together with business and individual salesperson analytics. The reports cover every individual area across New Zealand and can be produced either individually or grouped within a region.

For more information regarding this report or other reports that are produced through the Ray White system, please contact Keith Ashkettle at kashkettle@raywhite.com.
