

**Not only at the heart of our community but we have our community at heart.**

The events in Canterbury since September have shown the importance of team work — people coming together to help and support each other and to get on with their everyday lives.

At Ray White our offices are all locally owned and operated which gives us a vested interest in our communities.

We would like to thank all those people who we have had the privilege of working with in these challenging times. We would also like to thank our business owners, sales agents, property managers and support staff who have turned up to work each and every day and carried on the business of finding homes for people to live in — not an easy task at the best of times.

Buying and selling real estate is a group effort in any market but no more so than now — without

the support of our trade partners — The Press, Property Press, realestate.co.nz, Trade me, photographers and sign companies our job would have been much harder.

The support of building inspectors, EQC inspectors, structural and land engineers, lawyers, insurance companies and the mortgage brokers — our heartfelt thanks to you all. Without you we wouldn't have been able to help so many people.

**Congratulations to all of our Ray White Canterbury & West Coast Quarterly Awards Winners.**
